# How to add Privacy Policy URL to Google Play Store app
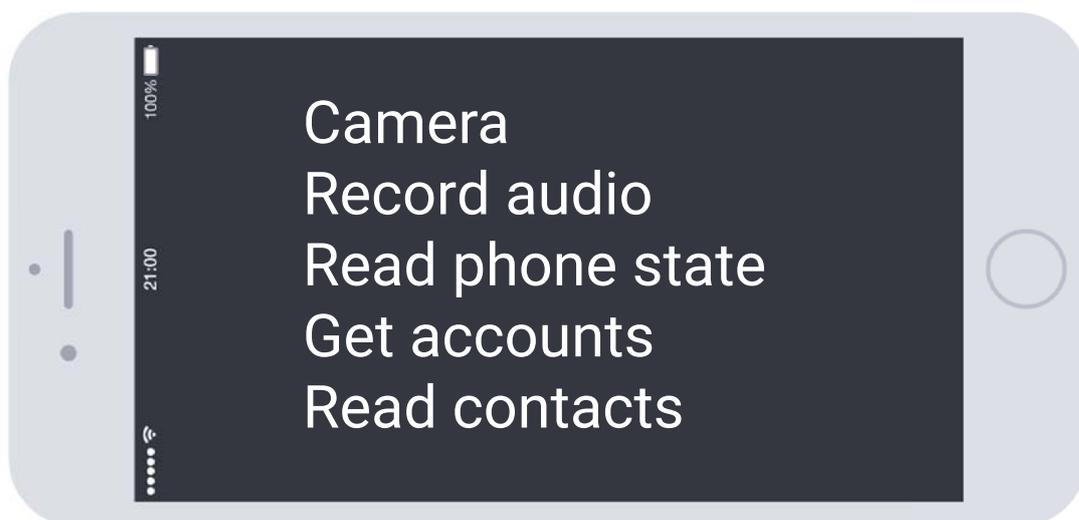

Starting March 15 2017, Google began to remove Android apps from Play Store that did not have a Privacy Policy.

# How to create a Privacy Policy to your Google Play Store app.

?

A Privacy Policy is now mandatory by Google if your Play Store app asks for sensitive permissions from users:

Camera
Record audio
Read phone state
Get accounts
Read contacts

100%

21:00

Here's how you can create a Privacy Policy for your app:
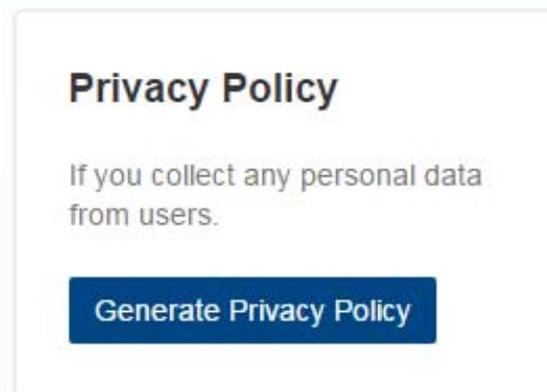

1 Go to termsfeed.com

New Tab ✕

termsfeed.com

2 Start the "Privacy Policy Generator" so that TermsFeed can create a custom Privacy Policy for your Android app

Privacy Policy

If you collect any personal data from users.

Generate Privacy Policy

3 Enter information about your app

Create your Privacy Policy

1. General information 2. Business information 3. Disclosures 4. Download

Business information

What is your mobile app name?

My Mobile App

e.g. My App

Entity information

Entity type

◉ I'm a Business
Corporation, Limited Liability Company, Partnership, Sole Proprietor

What is the name of the business?

My Company LLC

e.g. My Company LLC

○ I'm an Individual

Disclaimer: Legal information is not legal advice

4 Make sure to select the country so that our Privacy Policy Generator can adapt your Privacy Policy based on the necessary jurisdiction

Country information

Where is the location of the company's headquarters?

United States

e.g. United States, United Kingdom, Canada, Australia etc.

Enter the state

Alabama

e.g. Alabama

Previous step   Next step

5 Click "Generate"   Generate

Once the Generator created your Privacy Policy copy the "public link" so that you can link to your policy directly.

1. Click the "Click to copy" button from the download page of your Privacy Policy. The link has now been copied to your clipboard.

🔗 **Copy the public link of your Privacy Policy.** Download as HTML or Text.

https://termsfeed.com/privacy-policy/9d27f432fcbc62614581d6959016fd   📋 Click to copy   or   </> Download HTML file   📄 Download Text file

The link to your Privacy Policy in HTML format:

Privacy Policy
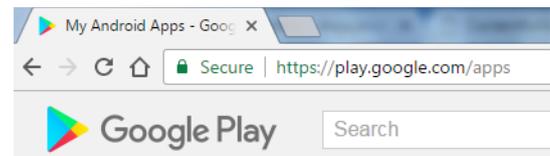

2. You can also choose to download the Privacy Policy as HTML or Text and upload the contents of the policy on your website.

# How to add a Privacy Policy to your Google Play Store app.

Once you have a Privacy Policy, you just need to login to your Google Play Developer Console and add the URL to your Privacy Policy:
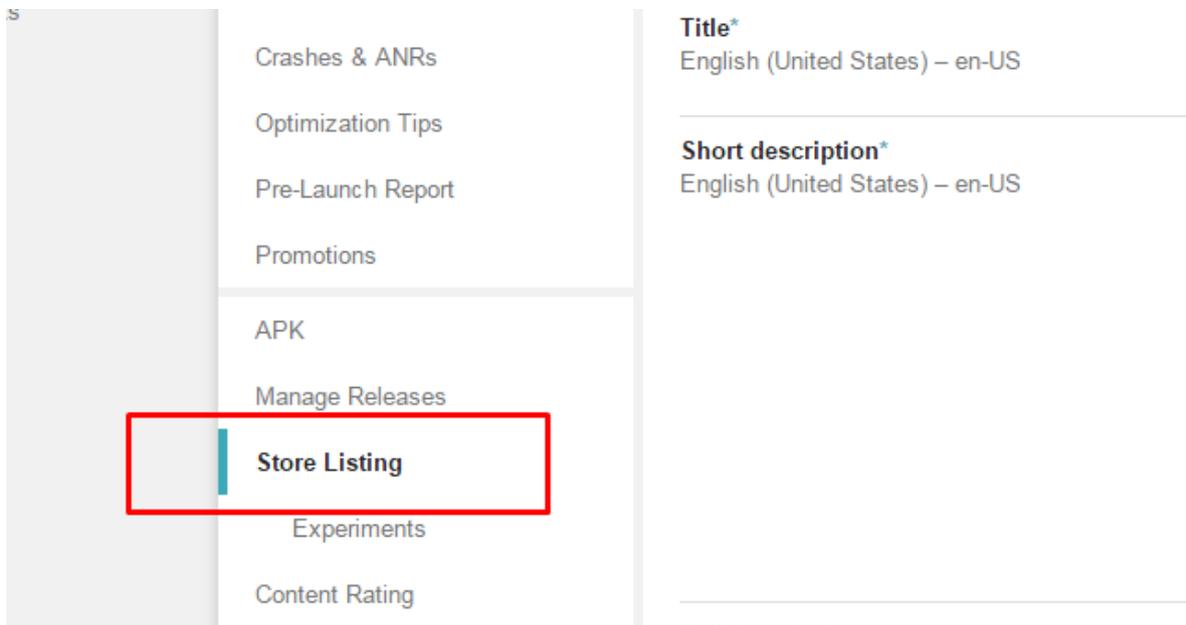

1   Go to "play.google.com/apps"

2   Login to your Play Store account

3   Select your app

4   Go to "Store Listing" on the left side of the dashboard page
