

How to Add a Privacy Policy URL

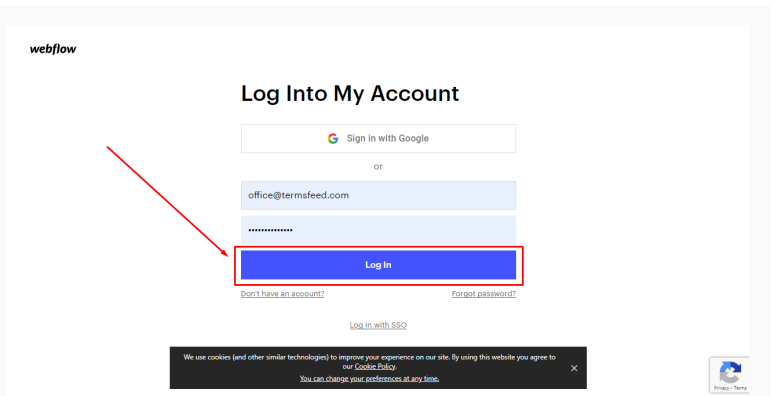

on Webflow

webflow

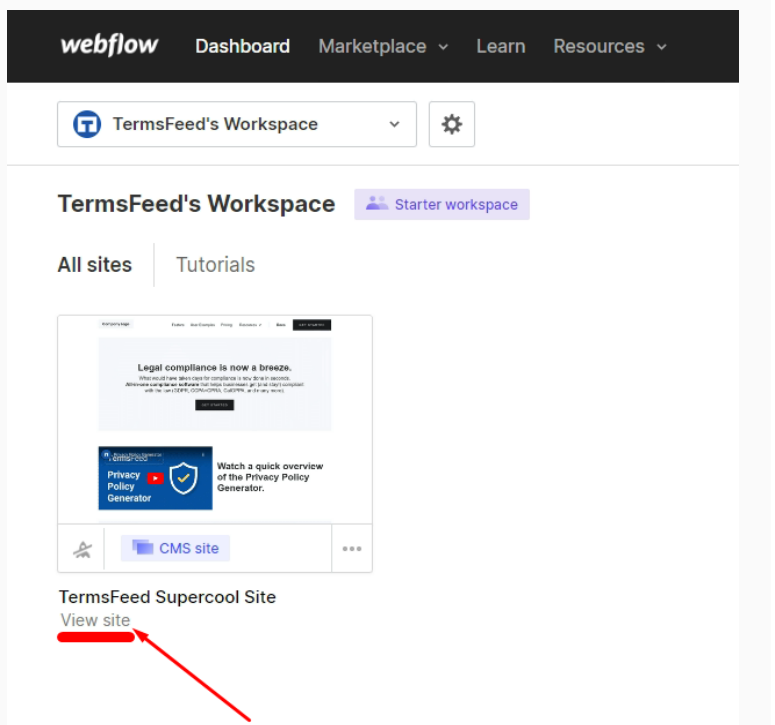

Steps:

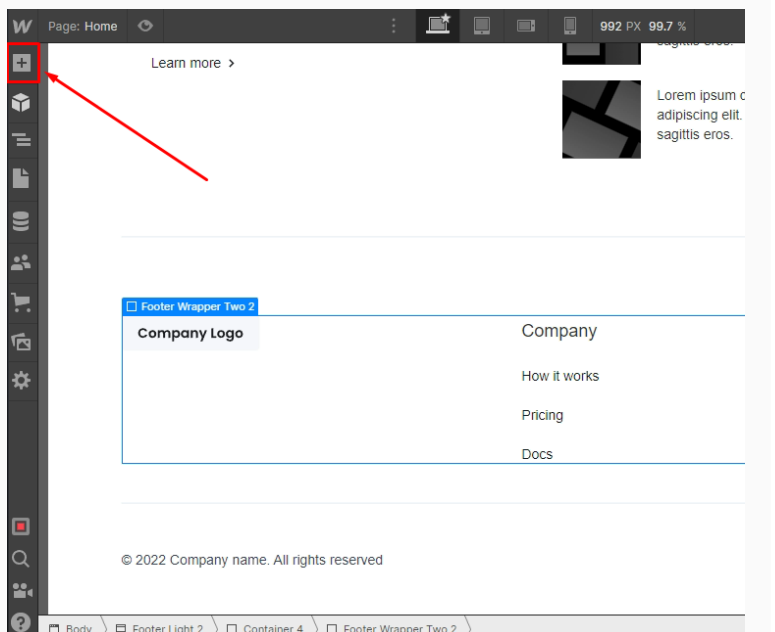

1. **Log in** to your Webflow account:

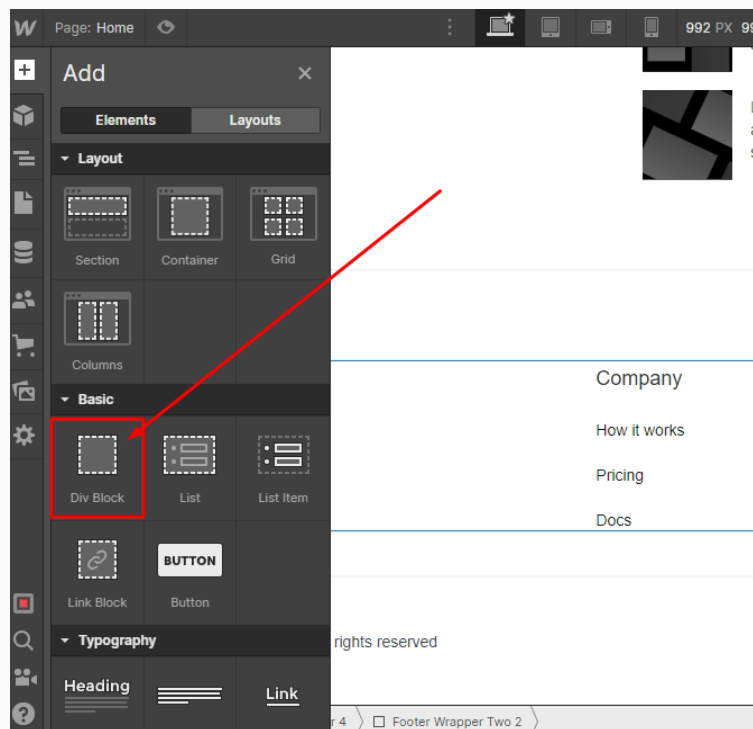

2. Once logged into the Webflow dashboard, click **View Site**:

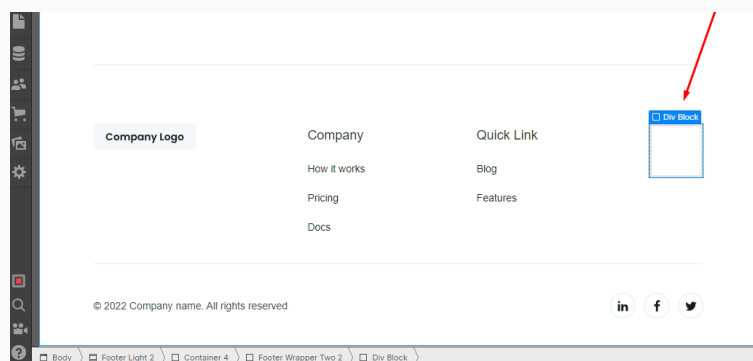

3. **Scroll down** to your website's footer and click on the **Plus (+)** button to add a new element:

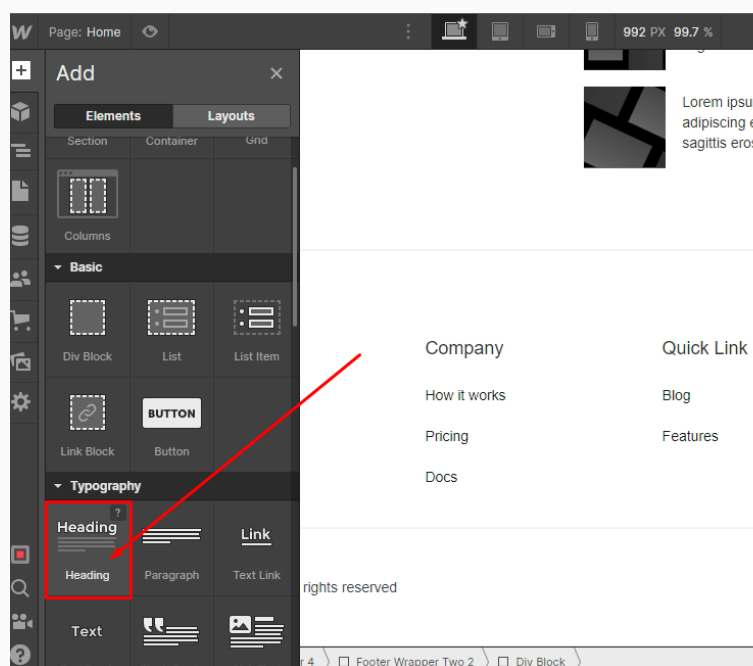

4. Under **Elements**, from Basics, click **Div Block**:

5. The new **Div Block** will be shown in the selected section:

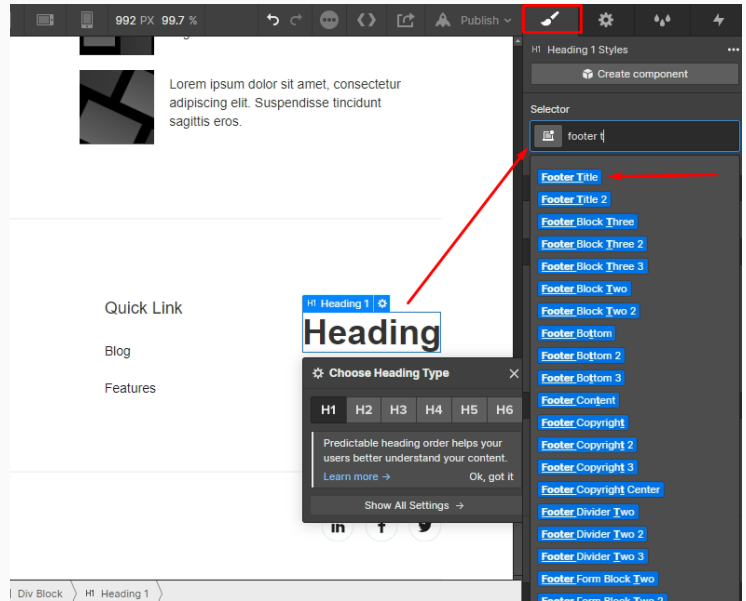

6. Go to the **Plus (+)** option and add a **Heading** in the **Div Block**:

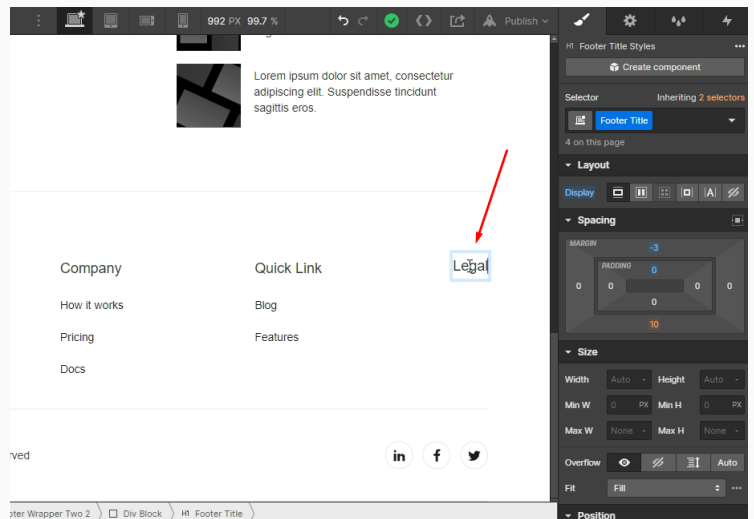

- To style your heading, make sure that the **brush** is selected in the right panel menu. Under the **Selector**, type the name of your new style or search for styles that already exist.

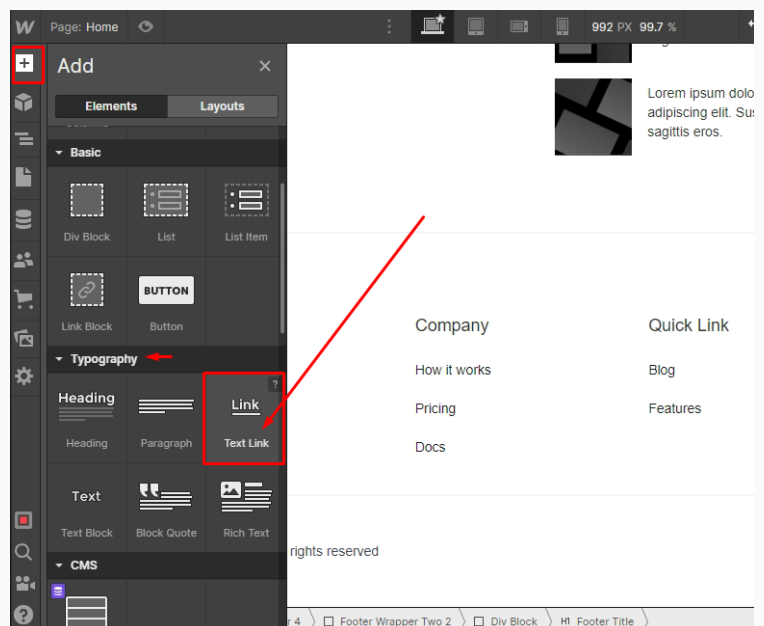

In our example we've used **Footer Title** style for the heading. When added, this change will be applied automatically to your website footer heading.

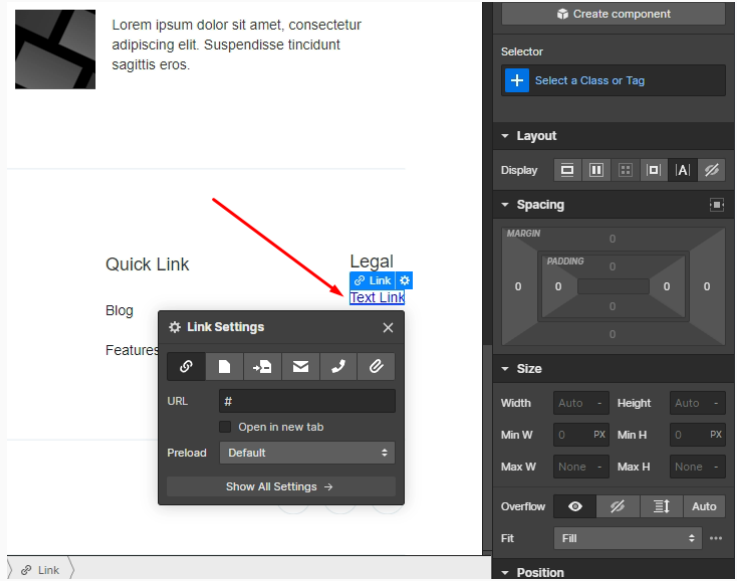

- Rename your heading** if needed. For example, "**Legal**":

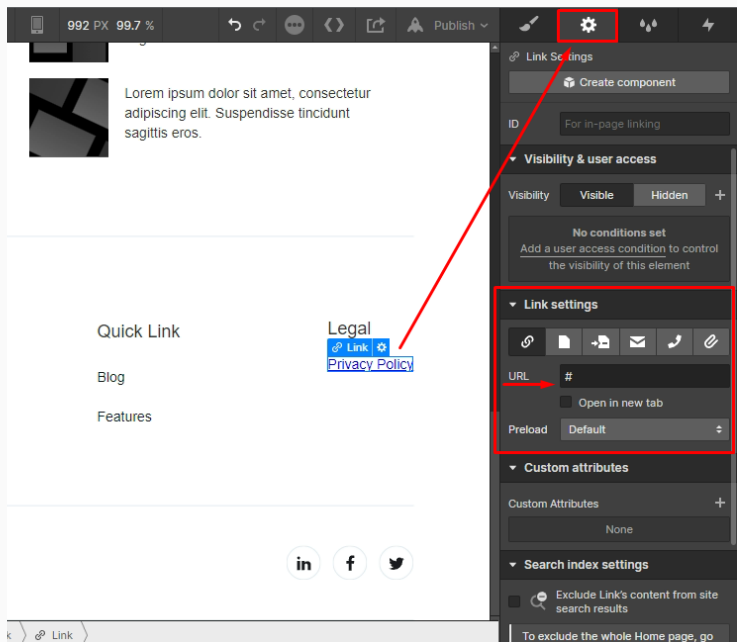

- To add the legal links in the footer, go to the **Add** section and choose **Link** under **Typography elements**. Drag and drop it in the same Div Block below the heading you've added previously:

10. Double click on Link Text and replace it with the name of your policy. For example, "Privacy Policy":

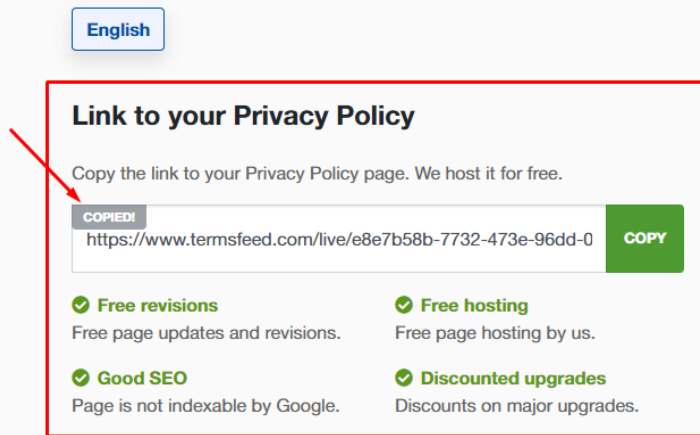

11. To add the Privacy Policy URL, click the Gear icon on the right side and add your link in the URL field under Link Settings:

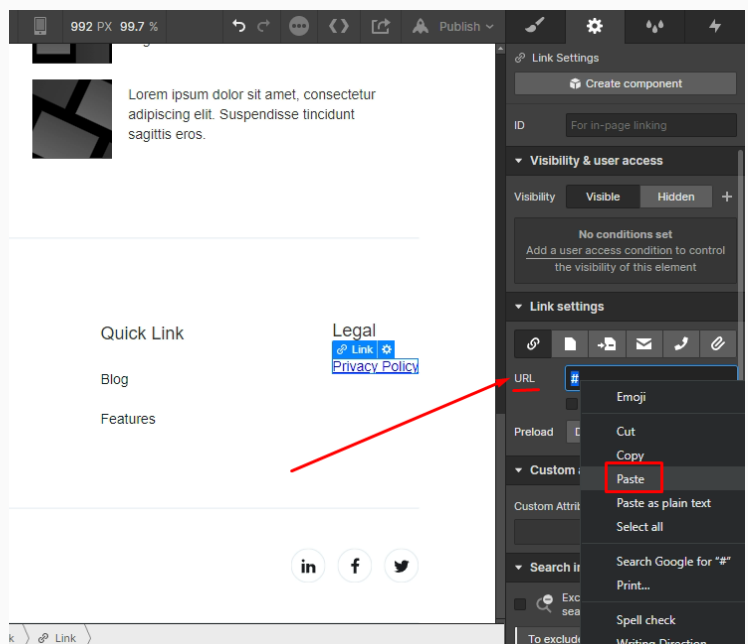

12. To get a Privacy Policy URL link, go to the [TermsFeed Privacy Policy Generator](#) to create a Privacy Policy and get the hosted Privacy Policy URL.

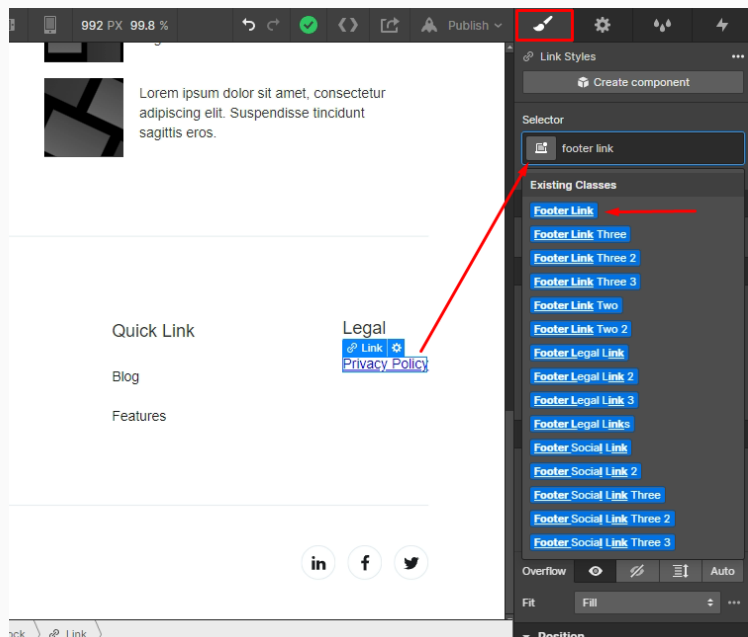

13. Once you have a Privacy Policy created by TermsFeed, click **Copy** from the **Link to your Privacy Policy** section to copy the URL:

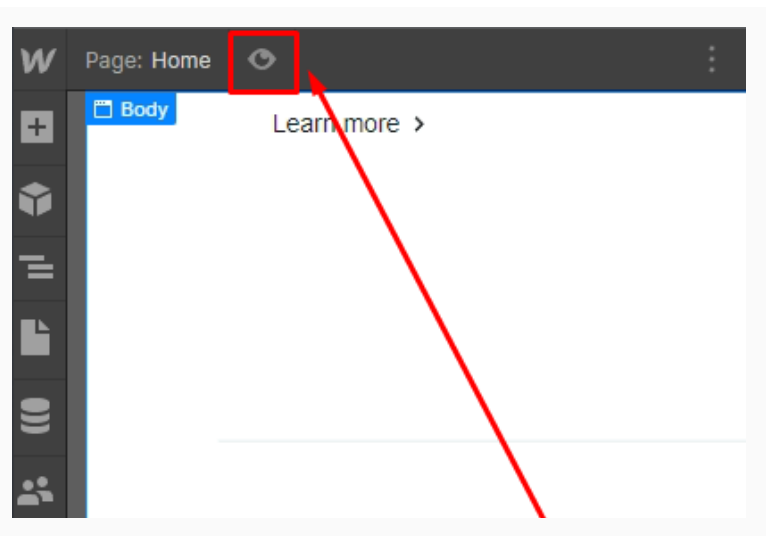

14. Paste the Privacy Policy URL in the URL field:

15. Style your footer link as you wish with the brush option on the right side:

16. To **preview** your changes, **click on the eye icon** in the top menu:

You're done!
